And What Have You

By BOB CRAIG

Don't forget to go vote Tuesday on the seven amendments to the Texas Constitution. Elsewhere in this issue is a short outline of the amendments and there should be additional information in the dailies between now and election time.

Apparently only two of the seven appear to be drawing much opposition. Some are opposing number two, the Veterans Land bonds, because it is being expanded to include spouse benefits. The seventh one of the ballot, electronic banking, is also coming under some discussion.

The Veterans Land program has been a good program but this amendment is probably broadening it too much and we will probably oppose it. We think we will probably support the other six.

With Barbara laid up at home with her broken leg, we are still short handed this week and will use that as an excuse to borrow another one of James Robert's columns.

The Andrews publisher has come up with another one of those columns that when you finish you do not know whether to laugh or to cry. It would be funny, if it were not so true to our present way of operating by government bureaucracy.

"Yes, this is he."

"Yep, know the ones—they stay in that abandoned car behind the service station."

"I'm sure they do these cold nights—even winos can't take on enough anti-freeze to ward off the chill these nights."

"No local agency that I know of has anything in the mill to help them this winter and if you want to try and help, I'm sure you'll have a clear field, Mrs. Sternkraft."

"It's a fine idea but I don't think it will work."

"Well, in this day and time, that's just not the way things are done. . . even for three winos. Things are more sophisticated, more complicated, and more people have to be involved."

"That's true but I imagine the first thing you'll have to do is to make a study. . . you know, one of those government things. You put down what you want to do and then apply for funds to make a study."

"Well, you budget for a study director at \$18,000 a year, and a secretary for about \$9,000. . . and the two of them will need a clerk to file and shuffle papers. Don't forget to include sufficient funds to pay for a \$300.00 a day consultant for two or three weeks during the study period."

"I know it is but this day and time, everything is predicated on a study and it takes time."

"Well after the study has outlined the problem and shown the overwhelming need for an all-out concerted attack on the dilemma facing winos in this area, you involve people from the Regional Planning Council. . ."

"They were created by President Kennedy and his brother Bobby in order to bypass City Hall and the Courthouse. That's true, I agree, but all funds from the great white father in Washington flow through them."

"Well, it's simple. Using the study as the supporting data, you apply for a grant to fund the project to help the winos. And you get all the other recipients of grants in this area to rubber stamp the project."

"It stands to reason that if you are to help them and remove them from the streets, you'll have to have a halfway house, then a three-quarter house and finally a real home for them. And you'll need a full-time director and some assistants to staff the place."

"Of course it is, but you've got the manpower act, the rehabilitation program, Title Six, Welfare, department, alcohol programs, probation departments,

Revival Service Set At Methodist Church

The Rev. Gaston Foote of Fort Worth will be the guest preacher for a four-day revival at the First United Methodist Church. The revival will open Sunday morning and run through Wednesday evening.

Services will be at 10:50 a.m. and 7 p.m. Sunday and at 7 a.m. and 7 p.m. Monday through Wednesday.

Special music is planned for the services, according to the Rev. Howard Marcom, pastor. He said that everyone is cordially invited to attend the services and hear Dr. Foote.

Dr. Foote was pastor of the First United Methodist Church in Fort Worth for 20 years before his retirement and is currently serving as professor at Brite Divinity, Texas Christian University in Fort Worth.

Dr. Foote is author of several books and is an

Seven Amendments On Ballot Tuesday

Texas voters will be going to the polls Tuesday to decide the fate of seven Amendments to the state's constitution. The Legislature approved these amendments during its last session.

Hamlin voters will cast their ballots at the Hamlin School Gymnasium, according to Loyd Burkhart, election judge.

The seven proposed patches to the constitution are varied, and most would change the existing format of government.

Number one on the ballot would add to the number of judges forming the Court of Criminal Appeals from the present five to nine members and allowing three-judge panels to decide cases. Two present commissioners (non-voting judges) would be elevated to full judgeship and Gov. Briscoe could appoint two new members, all to serve until the 1978 general election.

Proposal number two would add \$200 million to the existing authorization of \$500 million in state bonds to provide loans for war veterans to buy lands. The program would also be extended to include Texas veterans who served at anytime from the start of World War II through the Vietnam conflict. About \$43 million remains of the original authorization and 1,754 applications for loans are pending. More than 61,000 veterans have bought land under the program since it started.

Proposed amendment number three on the ballot would tighten the bail bond privileges of those indicted for felonies. Bail could be

denied those indicted for a felony crime while out on bail for a previous felony accusation, or if the second alleged felony involved use of a deadly weapon.

Tax exemption would be authorized by the Legislature to help preserve historical, cultural or natural resources under proposition four.

The fifth proposal would validate an idea approved by law 10 years ago but declared unconstitutional by the courts. It would permit producers of poultry, livestock or other raw agricultural products, by referendum, to establish research and promotion programs financed by a small tax on products. Producers objecting to the plan could obtain refunds.

Electronic fund transfers would be permitted for banks under proposed amendment number six. The idea is controversial within the banking industry, although these interests sponsored the legislation. Instead of paying by cash or check, the amount of a purchase could be charged instantly to your account at the bank.

Under the seventh amendment a State Commission on Judicial Conduct would succeed the present Judicial Qualifications Commission, a move to strengthen the agency. Under proposal seven, the Supreme Court would be authorized to issue public as well as private reprimands of judges' misconduct, in addition to existing penalties such as removal from office. Seven Court of Civil Appeals judges would sit as a tribunal to consider charges against other appellate judges.

Pipers' Last Road Trip Set Friday At Crowell

The Hamlin Pipers will be making their final road trip of the season this Friday when they travel to Crowell to play the Wildcats. The Pipers will be trying to shake off some of their injuries following their hard fought game here Friday with the league leading Haskell Indians.

The Aspermont Hornets, who lost last week to Crowell, will travel to Rotan. In other District 7-A action, Knox City will be at Haskell and Munday will be at Paducah. Last week, while the Pipers

Homecoming Queens Presented At Halftime

The highlight of Friday's Homecoming activities was the presentation of the Ex-Student Homecoming Queen and the High School Homecoming Queen at halftime of the Hamlin-Haskell football game.

Mrs. A. L. (Eleanor Crowder) Baumbaugh of Auberry, Calif., was presented as the Ex-Student Queen and Miss Jamie Crowley was the High School Queen.

Mrs. Baumbaugh is a graduate of the class of 1927. She has retired from teaching school after 22 years in special education. She attended Hamlin Schools from 1919 to 1927 and was valedictorian of the Class of 1927. The mother of two children, she was an English major. She retired in 1974 and lives near Auberry, Calif.

Miss Crowley is the daughter of James Crowley. During the business meeting Saturday, the 1977 Homecoming was dedicated to Harold Williams, retired

science teacher in Hamlin Schools. He taught school for 36 years, 20 of those in Hamlin, before his retirement in 1969. He is a graduate of Hardin-Simmons University and received a Masters degree from East Texas State University.

Treva Pettit, daughter of Mr. and Mrs. Cleo Pettit, was awarded the Memorial Scholarship for the Class of 1977. She is a freshman student at Angelo State University.

The Ex-Student Association Scholarship was presented to Cheryl Baker, daughter of Mr. and Mrs. Eugene Baker. Miss Baker is a freshman student at Texas Tech University. The scholarships were presented by Mrs. Holman Jones.

During the business meeting, new officers were elected for the coming year. They are Holman Jones, president; Eddie Connally, first vice president; Mrs. Connally, second vice president; Mrs. Sam Mack Hodges, treasurer; Mrs. Ken Prewitt, reporter; and Mrs. Robert Fowler, Wilma Lorenz, Jim Bonds, Parker Kelley, C. R. Reynolds, Brad Rowland, John Ed Day, R. D. Moore and Holman Jones secretaries.

Parade awards were presented by O. H. Weaver Jr. chairman. Awards in the school division (beauty) went to the Freshman Class, first; Junior Class, second; in the open school division it was Seniors, first; Sophomores, second; and Future Homemakers of America, third.

Club and organization winners were Beta Theta, first in beauty; Junior Girl Scouts, first in open; Young Homemakers, second; and Hamlin Art Club, third. The overall theme award was won by Beta Theta.

Bicycle winners were Chad Cowan, first; Tricia Kiser, second; and John Carter, third.

Classes from 1911 to 1977 were recognized. The Class of 1927 was given special recognition as having a 50th reunion. Of the 22 living members of the class, 16 were in attendance.

Gifts were given to the oldest ex-student present, Mrs. Buren Carlton; the largest family in attendance,

the five children of the late Mr. and Mrs. Gilbert Bowman. The children attending were Mrs. Melvin (Evelyn) Butler, Bill Bowman of Grand Prairie, Gilbert Bowman, Mrs. Becky Huchingson, both of Arlington, and Jack Bowman of El Paso.

REOPENS HERE—McCoy Funeral Home Has New Management

McCoy Funeral Home has reopened under new management, according to M. J. (Mac) McCoy, co-owner and manager. The funeral home is located at 505 Northwest Fifth Street.

McCoy stated that the funeral home was recently sold, however, after final consideration, it was decided that it would be re-opened. "It might be good to offer the city of Hamlin and the surrounding area a choice," he said.

"Our purpose is to serve the community," he added. McCoy, 43, was raised on a farm near Merkel where he attended school. After attending college at the University of Texas at Austin for two years, he served 11 years as a commissioned officer in the U. S. Army.

Upon discharge from the army, he attended and was the honor graduate at the Dallas Institute of Mortuary

Country Club Sets Meeting Tues.

A special called meeting for members of the Hamlin Country Club has been set for Tuesday, Nov. 8, at 7:30 in the club house, according to Jimmy Hastings, president.

Visiting in the home of Mr. and Mrs. Eugene Baker and Neal over the weekend were their son and wife, Mr. and Mrs. Steven Baker of Arlington and their daughter, Cheryl of Texas Tech, Lubbock. Also visiting Sunday were Mr. and Mrs. Gary Baker of Rotan, brother of Mr. Baker.

Philosopher Takes A Quizzical Look At A Doctor's Advice On Proper Way to Walk

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One this week discusses a matter you wouldn't describe as earthshaking.

Dear editor:
One trouble with the world today, it seems to me, is that it's too full of advice.

Makes no difference what area you have in mind, there's always an expert around to tell you what you ought to be doing or ought to stop doing.

I read an article in the paper the other day by a doctor who was instructing us on how to live a long and healthy life. He said we ought to walk a lot.

Then he went on the say

Farm Equipment Round-Up Sale Set for Rehab

Saturday, Nov. 19, has been set as the date for the annual farm equipment round-up auction to benefit the West Texas Rehabilitation Center. The sale will begin promptly at 10 a.m. at the Tex Herring Equipment Company in Lawn, Tex. As in the past, Col. Tex Herring will contribute his services and commission as auctioneer for the sale.

One operating tractor plus other items have already been pledged to the sale. Additional auction items are needed to assure the success of the sale. Last year's farm equipment auction raised \$8,000 for the Center.

Col. Herring urged area farmers wishing to donate farm equipment or related items for the November 19 sale to contact either him or the West Texas Rehabilitation Center. Herring also emphasized the importance of participation by area farm equipment dealers.

When necessary, arrangements will be made to pick up donated equipment for the sale.

NEWS OF SCIENCE THAT AFFECTS OUR LIVES
FIGHTING ODORS

You don't have to have a sensitive nose to know how unpleasant a rotten egg odor can be. Unhappily, this smell is common in many American cities where wastewater moving through sewer systems contains large amounts of hydrogen sulfide, a well-known odor maker.

NEW ROLE FOR AN OLD PERFORMER—A chemical for bleaching hair and treating minor cuts now has another use.

Happily, though, scientists at Du Pont have found that a low-cost chemical called "Tysul" WW hydrogen peroxide effectively controls these odor problems. It works by oxidizing the hydrogen sulfide which cause the odors. Safe, odorless by-products of oxygen, water and elemental sulfur are the results of the reaction.

Interestingly, hydrogen peroxide once was just something you used for bleaching hair and for treating minor cuts. Now it has a new role—fighting sewage odor.

Xi Gamma Pi Hears Program On Queen Victoria

Xi Gamma Phi chapter of Beta Sigma Phi met in the home of Mrs. W. T. Johnson Thursday at 4 p.m. for a regular meeting with Mrs. Gerald Young presenting the program.

Mrs. Young gave the program on Queen Victoria, who lived from 1819 to 1910. The words "I will be good" became the most important theme in her life, Mrs. Young said. And in her most impossible and trying moments, the Queen still had the will to be good. Mrs. Young said this was her secret and in this she represented the Victorian Age.

A cash contribution was sent to the Ministerial Alliance Thanksgiving Fund. Refreshments were served as guests arrived.

Members attending were: Mmes. Jack Willingham, Young, C. Weldon Griggs, John C. Bryant, Bob McKissack, James Harrison, M. L. Smith, L. C. Bonds, Howard Mehaffey, Jerry Waggoner, Cecil Sellers and the hostess.

FIFTY YEARS AGO
(November 4, 1927)
If all plans that are formulated and are being framed are carried out, Armistice Day will be properly observed here. The Ex-Service men extend to all Buddies a cordial welcome to come make the day one of delight and join in paying the tribute we all owe the boys who never came back.

This week the student body of the Hamlin High School was made happy when the lovely Pied Piper Banner was formally presented by the officers of the Hamlin Rotary Club.

President Tate May, of the Rotarians, assisted by Secretary Carl Mahan, and "cheered on" by a number of other Rotarians went to the School auditorium Monday morning to deliver the Banner.

The banner is about four by five feet in size with brass tipped mounting and oak staff. It has a background of white and bordered in green, with deep green tassle fringe. In the center of the white field stands the Pied Piper with his magic gold bugle, dressed in red, green and white. Above the piper are the words in large white letters, HAMLIN HI.

Rotan will be here with her football team on Armistice Day and there is promised a real little tussle at the City Park for the afternoon. Unless other games are scheduled, this will be the last game on the Hamlin gridiron and if you want to see a good football game, then don't miss it.

Although 30 degree temperatures dipped into the Hamlin territory Friday night, cotton farmers generally believe they were not seriously hurt.

The frost blackened some leaves and will hurt tender, young crops, but in the main, it will help by advancing the opening of cotton.

Those who study crops say that while a few farmers will be hurt badly by the freeze Friday night and Saturday night, the results will not be so bad as some had feared.

County Agent Bill Lehmberg said that probably more than 75 per cent of the cotton is mature, and it is opening faster now.

Lehmberg said that he realized that there are individual farmers with late crops which could be hurt badly but "across the board the cotton maturity will run some 75 per cent."

Two more highway projects on which Hamlin area people have been doing some work for several years are scheduled to be built at least in part during the next several months, according to word from the State Highway Department office in Hamlin.

Nelson Shave, resident engineer of the Hamlin SHD office, this week issued calls for bids on the two projects totaling 11.724 miles. The bids are to be submitted at Austin by November 13.

The two road projects are:

Construction of a 7.224-mile farm-to-market road extending north from State Highway 92 (Hamlin-Rotan highway) by way of the Shell Pipeline Station, thence east by the Y-6 Ranch to intersect U.S. Highway 83 north of Hamlin. This route will serve a number of farms and ranches as well as oil interests.

Construction of a 4.5mile highway south from Old Glory, in Stonewall County, toward

Brazos River due north of the Hamlin Sand & Gravel Company and the Midwest Co-operative Oil Mill. Hamlin residents hope this is the first portion of a route that will eventually be built from Old Glory south into Hamlin by the two industries mentioned. This hard surfaced route likewise would serve a huge number of farms and ranches as well as the sand and gravel concern.

Renewed interest in the Harden Memorial Library was shown by members of the Woman's Forum at the meeting held Monday at 1:30 p.m. in the library. Plans were made for repair work to be done to the apartment, a change was made in the time and date of meetings, several changes in the constitution were made, a librarian was chosen and the slate of officers was completed.

The Woman's Forum has issued a plea for all books that are out of the Harden Memorial Library to be returned.

The organization would like to get all the books back and on the shelves before the library re-opens soon with Mrs. V. E. Holt as librarian.

Hamlin students are eligible this year to participate in the Midwest Electric Cooperative oratorical contest. Awards in the contest will be an expense paid trip to Washington, D. C. This announcement was made this week by Don Waddel, Members Service Director for the Roby based Cooperative.

Winners will join winners of similar contests sponsored by other cooperatives across Texas on the fourth annual Texas Electric Cooperatives Government-In-Action Youth Tour to Washington, D. C. All expenses of the trip will be paid by Midwest Electric Cooperative.

Each entrant will be required to give a five to eight-minute talk on the subject, "A Youth Looks At His Community."

The contest will be judged on the basis of knowledge of subject, speaking ability, poise, personality and appearance.

Sen. Tower Forced To Cancel Area Trip

Washington—U. S. Senator John Tower (R-Texas) was forced to cancel his scheduled trip to Aspermont and other West Texas communities Tuesday because of pressing legislative matters.

The Senator had scheduled town hall type meetings in 19 Texas communities this week, including Aspermont, Guthrie, Jayton and Spur. This was part of his planned four-day tour of the Panhandle and High Plains area.

Sen. Tower was forced to remain in Washington this week because of the continuing debate on the Energy Tax Bill. Also scheduled was

Senate deliberations on Social Security reform and a supplement to the defense appropriations bill.

"I am most disappointed in this postponement of my visit with the citizens of the Panhandle and High Plains area," Tower said. "These citizens and others across Texas would be more disappointed, however, if I were to be absent from major Senate debate and critical votes on energy policy, so vital to our state and nation," he said.

Sen. Tower plans to re-schedule the tour during the last of November and early December.

Cotton Farmers Invited To Take Part In Round-Up

With the cotton harvest in full swing, the West Texas Rehabilitation Center has issued an invitation to farmers throughout the area to participate in the third annual Cotton Round-Up for Crippled Children by pledging a bale or more to help the Center continue to provide services to the handicapped.

Last year's Round-Up netted almost \$30,000 for the private, non-profit treatment

and diagnostic facility which has campuses in Abilene, San Angelo, and Snyder.

Traditionally, the West Texas Rehabilitation Center has provided services to the handicapped without having to charge the patients.

Round-Up officials said that farmers wishing to participate may send their green card and warehouse receipt to any of the three campuses.

Rep. Elmer Martin of

THE HAMLIN HERALD, HAMLIN, TEXAS, 79520
Colorado City and Herman A. Propst of Anson are the general chairmen for the Cotton Round-Up for Crippled Children.

Area Cotton Round-Up Chairmen are Pat Hale and Joe B. Cloud, Haskell County; Leon Cohorn, Dawson County; Max Von Roeder, Scurry County; J. B. Cooper, Nolan County; Foy Mitchell, Fisher County; Bobby Lemmons, Mitchell County; Mrs. Charlie Poe, Runnels County; Rex Johnson, Motley County; and Bill Meador, Stonewall County.

1. SOURDOUGH STARTER

1 package active dry yeast
2 1/2 cups warm water (105° to 115°)
1 cup instant nonfat dry milk
2 tablespoons sugar
4 cups all-purpose flour

a) Stir yeast, water, dry milk and sugar in 2 1/2 quart crock or non-metallic bowl until yeast is dissolved. Stir in flour gradually until a smooth batter forms. Let stand loosely covered in warm place, 3 to 5 days. Stir down batter occasionally. Store loosely covered in refrigerator.

b) Replace exact amount of starter used for each recipe by stirring equal amounts of homogenized milk and flour back into starter. (For example, replace 1 cup starter with 1/2 cup homogenized milk and 1/2 cup flour.) Let stand loosely covered until it bubbles, overnight. Stir down. Each time this process is repeated, the starter becomes more active and develops a more sour flavor. Note: if stored as much as two to three weeks between usings, just pour off the watery layer on top and replace following procedure in (b).

2. SOURDOUGH BREAD STICKS

1 cup instant nonfat dry milk
1 cup warm water (105° to 115°)
1 cup Sourdough Starter (see Recipe No. 1)
2 cups all-purpose flour
3 tablespoons vegetable oil
2 teaspoons salt
2 teaspoons sugar
1/2 teaspoon baking soda
1/2 to 1 cup all-purpose flour
1/4 cup butter or margarine, melted

a) Mix dry milk, water, Sourdough Starter and 2 cups flour in non-metallic bowl, cover loosely. Let stand in warm place until mixture is coarse and bubbly, at least 8 hours.

b) Mix oil, salt, sugar and baking soda into sourdough mixture. Stir in enough of the remaining flour to make dough easy to handle. Knead dough lightly on well-floured board, about 2 minutes.

c) Roll dough into rectangle, 15 x 10 inches, on well-floured board. Cut into fifteen 1-inch strips. Roll each strip into even round strand, about 14 inches long. Double strand over and twist to form bread stick. Place bread sticks on greased baking sheet, brush with melted butter. Cover with plastic wrap. Let rise in warm place until double, 1 to 1 1/2 hours.

d) Heat oven to 375°. Bake bread sticks until golden brown, 30 to 35 minutes. (Makes 15)

FOR STONEWALL COUNTY—

Earl Meador Named Maintenance Supervisor

Aspermont—A new County Maintenance Supervisor has been named for Stonewall County according to State Department of Highways and Public Transportation officials. Roger Welsch, District Engineer of the 13-county Abilene District, announced that James Smart has been transferred to Haskell County as the maintenance supervisor of that County and Earl Meador of Albany will assume the duties of Stonewall County Maintenance Supervisor.

Smart, 40, has served as Stonewall County Maintenance Supervisor since January, 1976. He began his highway career in the Hamlin Resident Engineer's office as a roadman in 1960. At the time of his transfer to Stonewall County, he was an engineering technician in charge of inspection of construction projects in Jones, Haskell and Stonewall Counties.

Smart is married to the former Elouise Penny. The Smarts have four children and presently reside in Aspermont. They plan to

move to Haskell in the near future.

Meador, 48, has been Maintenance Supervisor in Shackelford County since January, 1967. He began his highway department career in Aspermont where he was born and attended public school. Meador has been with the department since 1969.

Meador is married to the former Wanda Ray Johnson. The Meadors have one child. They presently reside in Albany, but will be moving to Aspermont.

FROM THE ASPERMONT STAR

FIFTY YEARS AGO

(November 3, 1927)

Students have taken advantage of the institute holidays and the Halloween season as a time for merry-making Thursday evening, at the home of Novelle Zant, the juniors with their sponsor, Mr. Turner, initiated the freshmen into some high school mysteries which are not to be found out by attending school. The freshmen seemed willing to learn for they began by carrying out orders even to the one of walking out of the Zant residence with their shoes on backwards.

On last Thursday evening at 7:00, the Seniors with their sponsor, Miss Roebuck, met at the Tilton home and then drove to the lake dam for a picnic. They had a little difficulty in getting the crowd started, but when they once arrived at their destination, everyone could feel fun in the air. The grassy dam and pastboard slides attracted the attention of the crowd first and when everyone was tired of this, many ring games were played. When some one called let's eat, there was no time wasted in spreading the eats on a dirt table in the lights of the cars.

TWENTY YEARS AGO

(October 31, 1957)

The Stonewall County Farm Bureau met in county convention on last Thursday night in the courthouse, with a goodly number of members present.

James D. McGough, president of the organization, gave a talk on membership and its importance to the local Farm Bureau.

The soap box derby, held on "graveyard hill" last Sunday by Aspermont Boy Scouts, was termed a big success, according to a

spokesman for the local Scout organization. Winners were Danny Maxwell, first; Billy Lackey, second and Butch Martin, third. The Scouts are ready to begin work on the foundation for their new hut. A plot of ground has been obtained for the hut, near the county swimming pool in the southwest part of town.

The Scouts have been putting aside money at each meeting, and report that they are ready to start work on the foundation.

More than 350 ex-students have shown up for the second annual homecoming of Aspermont High and consolidated schools held last Friday and Saturday.

TEN YEARS AGO

(November 2, 1967)

As of January 1, 1968, all motorcyclists and their passengers will be required by law to wear safety approved headgear whenever riding a motorcycle after the first of January.

The Stonewall County 10th Annual 4-H Banquet will be held Nov. 6. The event is sponsored for the tenth straight year by First National Bank of Aspermont, Ralph Riddel is president. There are 72 boys and girls to receive County medals this year.

The Aspermont Hornets will play an important game here Friday night when they will take on the newcomers to Class A, Robert Lee, who will invade Hornet land Friday night. Robert Lee has only been beaten by Merkel.

Aspermont's Junior High, coached by Jerry Lowrey, won their sixth game without any defeats Thursday night against Rule, beating them 22-0. They will play the final game of the year Thursday night when they play Jayton Junior High in Hornet Stadium.

Pipers Make A Battle of It Before Losing to Haskell, 41-15

A fired up band of Pipers carried the fight to the league leading Haskell Indians for awhile here Friday night before the big Haskell run-backs opened up the game in the second half, to win 41-15. Playing before a good Homecoming crowd, the Pipers took an early 7-0 and trailed by only 14-7 half time.

The first Piper touchdown came on a beautifully executed pass from Todd Marshall to Lynn Davis for 17 yards. Marshall faked the ball into the line and then passed to Davis, who was standing alone in the end zone. The second Piper score came in the fourth quarter on 29-yard draw play by Mike Hymer.

Hymer was the leading ground gainer for the Pipers as he carried for 102 yards in 11 trips. This was six more yards than the Pipers netted on the ground for the night.

Vonnice Hise, the huge 205-pound Indian fullback, was the night's top ground gainer with 184 yards in 21 trips. Jimmy Browning picked up 114 yards for the Indians in 10 tries.

The Pipers took the opening kickoff with Hymer returning it to his own 29. After gaining a first down at the 45, the Pipers were forced to punt from the 49 four plays later. Haskell mishandled the ball on the punt with the Pipers taking over on the Indian 21.

Hymer carried into the line twice for two yards each time before Marshall found Davis alone in the end zone. Vance Laakey kicked the pointafter with 8:23 left in the

first period.

The Pipers found themselves in possession of the football in Indian territory again when Haskell fumbled the kick off at the 36. But Marshall had his first down pass intercepted at the Indian 23. It took the Indians only five plays to go the 77 yards with Browning scoring from the Piper 23. The kick was no good and the Pipers hung onto a narrow one-point lead with 6:56 left in the first period.

Following the kickoff, the Pipers picked up three first downs on the passing of Marshall. He completed a 14-yarder to Lane, a 13-yarder to Ricky Goodgame and another 13-yarder to Lane to put the ball on the Haskell 21. But his fourth down pass to Drew Tomlinson was just short of another first down at the Indian 12.

Haskell moved from their own 12 to the Piper 33 in 12

plays before the Pipers dug in and forced them to punt from back on the 40. The Pipers failed to gain a first down and were forced to punt with the Indians taking over on the Hamlin 45.

It took the Indians only seven plays to make it into the Piper endzone with Vonnice Hise throwing the halfback pass to Robert

Rodriguez for five yards and a score. Hise carried in for the two points to make the score Haskell 14 and Hamlin 7 with 3:25 left in the half.

After playing the whole first half without either team receiving a penalty, the Pipers drew a 15-yarder on the kickoff go give the Indians the ball on the Hamlin 48. Haskell moved down to

the Hamlin 14 before giving up the ball three plays later back on the 17.

Hymer carried twice to gain 17 yards and a first down on the Hamlin 34 before the Pipers had to punt again. Hymer got off a 51-yarder to the Indian 23.

The Indians moved down to the Piper five before two penalties put them back on

Crowell Downs Hornets

Aspermont—The Aspermont Hornets held the favored Crowell Wildcats to two touchdowns in the first three quarters here Friday night, but then the Wildcats exploded for three scores in the final period to win 35-0.

Mark Christopher, who played equally well at quarterback and halfback, figured in three of the Wildcat scores, while halfback C. B. Sparkman got the other two.

From his quarterback position, Christopher marched the Cats 64 yards to paydirt after they received the opening kickoff. The payoff came on a 10-yard pass to 6-5 end Dwayne Dishman on

fourth down. Oran Carroll Jr. kicked his first of five PAT's for the night.

Only 90 seconds remained before half-time when Crowell blocked an Aspermont punt and recovered at the Hornet 30. Playing halfback this time, Christopher scored on a six-yard run to cap the short drive. Carroll's PAT gave the Wildcats a 14-0 lead

that stood up until the last period.

Sparkman set up his own TD in the fourth quarter when he intercepted a pass at midfield and returned it to the Hornet 36. Sparkman got the TD seconds later on a four-yard run.

With 8:53 left in the game, Sparkman scored on a one yard plunge. Aspermont had fumbled a punt on its own five-yard line to set up the score.

Christopher got his second TD on a 40-yard run with 2:27 left in the game.

Crowell is 7-1 for the year and 4-1 in district, while Aspermont is just the opposite, 1-7 and 1-4.

the 26. Wayne Wheat picked off a fourth down Indian pass at the Hamlin four to kill the drive.

The Pipers moved the ball out to the 12, but then a penalty put it back on the seven. Failing to get off the punt on fourth down, Hymer was forced out of bounds on the six.

Three plays later Browning scored from four yards out and Rodriguez kicked the extra point to make it 21-7 with 2:07 left in the third period.

The Pipers fumbled the ball on the first play after the kickoff with Haskell recovering on the Hamlin 27. Browning scored again on the first play with Rodriguez adding the pointafter with 1:51 left in the quarter.

The Pipers were forced to punt again following the kickoff with Haskell taking over on their own 36 to open the fourth period. Vonnice Hise powered his way through the Piper defense for 51 yards and then Vonnice Hise carried in for the score from the eight. The kick was no good with the score 34-7 with 11:36 left.

The Pipers picked up a first down on another pass from Marshall to Lane and then were forced to punt. The

Pipers recovered an Indian fumble on the next play at the Haskell 29.

Marshall had one pass go incomplete and then he gave the ball to Hymer on the draw. Hymer broke into the open and raced 29 yards to score. Marshall passed to Tommy Maberry for the extra points to cut the Indian lead to 34-15 with 9:35 left.

The two teams exchanged a couple of rounds of punts before Haskell struck for their final touchdown of the night. The 54-yard drive took five plays with Pittman passing to Bruce Enriquez for the final 29 yards. Rodriguez kicked the point after with 1:15 left on the clock.

Following the kickoff, the Pipers moved out to mid-field

before giving up the ball on a fumble with just seconds left on the clock.

Agent Gives Tips On Care of Peach Trees

The peach tree borer causes heavy damage to peach trees in Jones County each year, says Jones County Agent, Kirby Clayton. Often its damage goes undetected until the tree begins to die. Peach trees should be inspected now to determine if the peach tree borers are causing damage and if control measures are needed.

If peach tree borers are present there will be large masses of gum mixed with brown grass or sawdust at the base of the trunk. The peach tree borer larvae feed in the trunk near the ground line. Infestations that are allowed to continue their damage will eventually girdle the tree, killing it.

Peach tree borers can be controlled during the period from Oct. 20 to Nov. 15 with an application of paradichlorobenzene crystals. To prevent injury to the tree, care should be taken to make sure no crystals are placed in direct contact with the trunk, says Clayton.

When applying the crystals the soil should be dry, free of

weeds and leveled one foot around the trunk. The amount of paradichlorobenzene crystals to use is based on the size of the tree: Use one-half ounce on 2 to 3 year old trees, three-fourths ounce on 4 to 5 year old trees and one ounce for older trees.

Place the crystals around the tree about 2 inches from the trunk and mound clean soil 6 inches high around the base of the tree covering the crystals.

In late March or early April the soil should be raked back from the trunk of the tree.

Ray Farabee Announces As Candidate for Second Term

State Senator Ray Farabee announced his candidacy today for re-election to the Texas Senate representing the 30th District. The 30th Senatorial District covers a twenty-nine county area in North Central and Northwest Texas including Jones County. Farabee, who is 45 and a Democrat, was elected to the State Senate in 1974 and is now completing his first term of office.

Lieutenant Governor Bill Hobby recently appointed Senator Farabee to the Legislative Budget Board which meets during the interim between sessions to prepare the budget for the State. He also serves on the Senate Finance Committee, the Jurisprudence Committee, and the Natural Resources Committee, which deals with issues concerning agriculture and energy.

The Texas Farmers Union presented Senator Farabee

RAY FARABEE
...Seeks Re-Election

with the Senate Member Outstanding Legislative Service Award in 1975 and he recently received the Vocational Agriculture Teachers Association's Texas Distinguished Legislator Award.

Senator Farabee, in announcing his candidacy, said, "My first term in the legislature has been productive and worthwhile. I was fortunate to receive excellent committee assignments and have sponsored legislation which is now law that benefits both the 30th District and the State of Texas. I would like to continue my public service in the Texas Senate. I want to utilize the experience and seniority which comes with a second term to serve the people of this area."

In 1975 Texas Monthly magazine selected Senator Farabee as the outstanding newcomer to the Senate and in 1977 named him as one of three senators among the ten best legislators in Texas. In making this selection, Texas Monthly cited him as being "conscientious, hardworking, smart, fair, independent, someone who does his homework."

Funeral Services Held Thursday for W.B. Cotten, 82

Services were held Thursday at 2:30 p.m. for William B. (Newt) Cotten, 82, at the First United Methodist Church. He died at 10 p.m. Tuesday at Hamlin Memorial Hospital of an apparent heart attack.

The Rev. Howard Marcom, pastor, officiated. Burial was in Hamlin Memorial Cemetery, directed by Foster Funeral Home.

Born Sept. 5, 1895, in Lipan, he was a 43-year resident of Hamlin. He married Girley Busby in 1917 in Aspermont. He was a 37-year employee of Texaco. He was a member and steward of First United Methodist Church and a member of Hamlin Masonic Lodge.

Survivors include his wife; a son, Wayne of San Antonio; three brothers, R. B. of Breckenridge, Dennis of Irving and Earl of Abilene; a sister, Edna Claborn of Livingston; five grandchildren; and four great-grandchildren.

A son and daughter preceded him in death. Pallbearers were John Bryant, Bill Rountree, Audrey Hodnett, Richard Young, Bill Davis and Buddy Killian.

Local Cub Scouts Take Part In Pushmobile Derby

The Cub Scouts of Den 3, Pack 143 participated in the Scouts Pushmobile Derby on the K-Mart parking lot in Abilene Sunday.

The eight boy team won fourth place. Those on the team were; Matt Hymer, Russell Lincoln, Dan Byerly, Mark Sellers, Jerry Houghton, Michael Maderos, Joe Paul Archer and Carl Smith.

Other members receiving ribbons were; Daniel Jones and Marvin Kirkland, first place, and Bill Absher, Jesse Helms and Bobby Armijo, third place.

Den mothers and their husbands taking the boys were; Messrs. and Mmes. Holman Jones, Mike Byerly and Ronnie Lincoln.

Mr. Ned Moore, grandfather of Matt Hymer built the pushmobile for the scouts. Fourteen scouts also participated in the Homecoming parade Saturday.

Drivers License Class Is Being Planned for Jan.

The Hamlin Parental Involvement Program is making plans to offer a drivers license class in January, according to Louise Pena.

The class would be for anyone 18 and over who does not have a Texas drivers license. The class would be taught at night and would run for one week. It would be offered in both English and Spanish.

In order to have the class, 15 people must be interested. If you are interested or know of someone who is, contact Louise Pena at the Elementary School, 576-3191.

Continental Oil Achieves Major Safety Record

Houston.—Continental Oil Company's natural gas products department has achieved a major safety record. The department, including 14 gas processing plants, completed two consecutive years of operation without a single lost-time accident, on October 14.

The two-year record represents a total of more than one million manhours of safety on the job, the company said. Currently, the Conoco department has 275 employees.

In addition to gas processing plants in Texas,

Louisiana, Oklahoma, New Mexico, Colorado and Wyoming, the department operates underground storage facilities in Oklahoma and Louisiana and a major gathering and distribution system in southwestern Louisiana.

Conoco's Hamlin gas processing plant has not had a lost-time accident since Feb. 20, 1962, a record of more than 15 years of safety on the job. B. J. Howerton is the plant manager.

Guest in the home of Erma Wallace over the Homecoming weekend were Armenta Jones Lockwood (class of '37) from Los Angeles, Calif., and her brother, Daron Jones from San Francisco, Calif.

Retire Rich.

SAVE 1500 TAX-FREE DOLLARS a year for your retirement and you'll earn up to 7 3/4% at Sweetwater Savings

If you are not enrolled in a retirement plan (other than Social Security), up to 15% or \$1500 of your earnings can be set aside annually on a tax-deferred basis for your retirement. The chart below, based on regular \$1500 annual deposits and 7 1/2% earnings with daily compounding for an annual yield of 8.06%, indicates just how rich you will be at retirement. Compare Sweetwater Savings IRA earnings with other IRA plans. For details, contact the Sweetwater Savings office nearest you.

SWEETWATER SAVINGS ASSOCIATION

SWEETWATER ROYAL ROSCOE HAMLIN COLORADO CITY

Great News, Hamlin A RADIAL FOR ALL SEASONS!

New 'Tiempo' Steel Belted Radial

Over 10,000 billing slips grip the road, help avoid the risk of hydroplaning

Now you can buy an all-season radial that can handle all kinds of weather, any time of the year. The reason is Tiempo's combination of radial construction, special rubber compound, and aggressive tread. Tiempo gives you confident handling in rain...and traction in mud or even snow. A new kind of tire for every kind of weather... Goodyear Tiempo!

\$39

P185/75R13 (BR78-13) whitewall plus \$1.93 F.E.T. and old tire

Double steel cord belts for strength and long wear

Specialty compounded tread rubber maintains its grip in wet or dry, hot or cold

Should buy correct whitewall radial with correct load capacity
